## AUBURN IMPACT

*Our work in the southeast began in January 2000, when we were blessed to begin offering Clinical Services in Auburn, Falls City and Nebraska City. Four years later, we opened St. Francis Gift & Thrift, designating the profits to be used to fund emergency services and clinical services in the area. In October 2012, we remodeled our space and built permanent offices for our Emergency Services and Counseling Services. After a COVID-induced closure in 2020, we freshened our thrift store and refocused our efforts on providing financial assistance to our service region.*

**Here are the latest statistics that show the impact our Auburn outreach office continues to provide for Johnson, Nemaha, Otoe, Pawnee, & Richardson counties.**
